

Dear Mr. Nagle & Class of 1970,

Thank you so very much for awarding me the Class of 1970 Community Service Volunteer scholarship. I am honored to be receiving it & to be recognized for my volunteer work. The scholarship will be going towards my tuition at Grinnell College next year, where I plan to study Biology and Gender, Women's, & Sexuality Studies. Eventually, I aspire to be a professor and scientific researcher, and hopefully continue to give back to this community that has given me so much.

Forgive me if you would disagree, but it seems to me that despite nearly half a century between them, our graduating classes have much in common. Be it 1969-70 or 2016-17, ~~the~~ coming of age ~~at~~ at the very cusp of great political chaos must be very scary, and I for one find it comforting to look back and find generations like yours that have prevailed. My graduating class is quite divided right now, and I'm happy to find in your graduating class an example of unity and commitment to the common good of this community. Once again, thank you so much for this award / scholarship.

Sincerely, *Elise Bargman*
